PROFESSIONAL SUMMARY.

Entry-level UX Designer with a UX-focused approach and hands-on practice creating self-initiated digital design projects in Figma. Familiar with user flows, information architecture, wireframing, prototyping, interaction design, and visual design. Completed the Google UX Design Professional Certificate and designed an e-commerce website concept and a financial tracking dashboard. Seeking an entry-level role where I can apply my skills, learn from experienced designers, and contribute to user-centered digital products.

CORE SKILLS.

UX/UI : User Interface Design, User Flows, Information Architecture, Interaction Design, UX Writing.

Design & Prototyping : Figma, Wireframing, Prototyping, Design Systems, Responsive Design.

Visual Design : Typography, Visual Hierarchy, Color Theory.

Professional Strengths : Problem-Solving, Analytical Thinking, Attention to Detail, Adaptability, Continuous Learning, Effective Communicator, Motivated and Responsible.

PROJECTS.

Nova Cart — Tech E-commerce Website | Self-Initiated UX/UI Project · Figma

- Designed a tech-gadget e-commerce website concept, with interface screens focused on product presentation, visual hierarchy, typography, and navigation.
- Created a clickable Figma prototype to demonstrate the intended product-browsing and interaction flow.
